

## Modern Slavery Act Statement

Lebus Upholstery Limited makes this statement pursuant to Section 54(1) of the Modern Slavery Act 2015 (The Act).

Lebus Upholstery Limited fully supports the aim of the Act, to create policies and take appropriate actions, to identify and eliminate modern day slavery.

We are developing a code of practice which will ensure all employees are aware of the Act, its key provisions, and to enable safe and secure means to communicate any concerns that employees may have.

We have long established relationships with our suppliers, but recognise that the ultimate source of many of the components we use, may be sourced from areas of concern. We are undertaking a review of our supply chain to seek confirmation that trade complies with the provisions of the Act.

Regular independent Ethical audits of our business have not highlighted any issues of concern.

This statement and policies will be reviewed annually to ensure compliance with the Act.

Darrell Bettany

Financial Director
